

GOTRA DEX-III

Automatic transmission oil Dextron III

Description

GOTRA DEX-III is a high quality automatic transmission fluid that fits the latest General Motor Dexron III and Ford Mercon specifications.

Applications

GOTRA DEX-III is approved for service filling and topping up of all passenger cars and light truck automatic transmissions for which Dexron III products are specified. **GOTRA DEX-III** also meets all of the Dexron II requirements and can therefore be used in all older General Motors Dexron II applications back to 1949.

Specification Meets:

General Motor's Dexron III, Ford Mercon ATF, Allison C-4 and Caterpillar's TO-2.

Advantages

GOTRA DEX-III is formulated with selected highly refined base oils blended with a specially balanced additive combination to provide the desired frictional properties of an automatic transmissions fluid. **GOTRA DEX-III** is a red dyed automatic transmission fluid that provides superior performance in modern passenger car, truck, and on and off-highway transmissions designed to operate with Dexron III, Ford Mercon, and Allison C4 fluids.
